WHY ABAN INSTITUTE AND ASSOCIATES, INC (Aban)?

Aban Institute and Associates, Inc. (Aban) was founded in the District of Columbia in 1998 as a non-profit organization dedicated to providing multiple levels of prevention and intervention services for at-risk children, families, and communities. Our mission is to reclaim our children, rebuild our families, and revive our communities through comprehensive programs and economic development.

We believe that promoting education, health, and peace will provide the tools needed to ensure our most vulnerable populations live, grow, and thrive in communities that support and nurture their needs. That is why our programs are family centered, community focused initiatives.

Aban's programs are:

- **Healthy Activities Promotion Project for You (HAPPY)** - A health awareness campaign to improve the health outcomes of families.
- **Family Literacy Initiative for East of the River (FLIER)** - A literacy awareness and adult education program for families.
- **People Engaged in Activities to resolve Conflict in their Environment (PEACE)** - a violence prevention initiative.

ENJOY.
